

Tenant-side commercial property advisory

One team. Clear direction. No guesswork.

One accountable partner from lease decisions through fit out, furniture and ongoing cleaning.

Our four services

- **Tenant Representation**
- **Commercial Fit Out & Project Management**
- **Office & Commercial Furniture**
- **Commercial Cleaning**

Newcastle-based. Hunter home territory.

Tenant-side advisory available across Australia.

One accountable partner

Four services. One joined-up brief.

Bring the decisions together so lease, delivery, furniture and day-to-day workplace standards support the same business outcome.

01

Tenant Representation

Tenant-side support to clarify the brief, assess options, compare commercial terms and negotiate with your business interests in view.

02

Commercial Fit Out & Project Management

A coordinated path from workplace brief and design through procurement, programme management, delivery and handover.

03

Office & Commercial Furniture

Commercial furniture selected for the work your people do, then supplied, installed and coordinated with the wider project.

04

Commercial Cleaning

Accountable cleaning programmes aligned to your workplace, schedule and agreed service standard.

How we work

Clear decisions. Controlled delivery.

Each engagement is scoped to the decision in front of you. The operating discipline stays consistent.

01

Clarify

Define the business need, decision criteria, scope, stakeholders and constraints.

02

Assess

Build the evidence, compare options and make trade-offs visible before commitment.

03

Coordinate

Sequence specialists, decisions, approvals and dependencies around one accountable brief.

04

Deliver

Track actions, risks, quality and handover against the agreed outcome.

05

Improve

Review what worked, capture lessons and strengthen the next cycle.

What you can expect

The standard behind the service.

Tenant-side thinking	Advice starts with your operational and commercial priorities.
One accountable brief	The team works from a shared objective, decision record and delivery standard.
Plain-English communication	Recommendations identify what matters, what is known and what still needs a decision.
Evidence-safe claims	Figures, guarantees and client statements are only used when approved and supportable.
Accessible by default	Customer-facing work is designed to meet WCAG 2.1 AA expectations.
Continuous improvement	Feedback, outcomes and lessons are captured so capability improves over time.

Newcastle-based, with the Hunter as our home territory and tenant-side advisory available across Australia.
