

YOUR OFFICE SPACE

Find It, Fit It Out and Furnish It.

Commercial property, client-side FitOut project management, workplace furniture and ongoing cleaning - coordinated around your business.

ONE TEAM ON YOUR SIDE

Clear decisions. Coordinated delivery. A workplace ready for what comes next.

Newcastle-based. Working across NSW and Australia where service scope and licensing permit.

A clearer way to create your next workplace.

YOS coordinates the decisions that usually sit across separate advisers, suppliers and contractors. You keep one client-side point of contact and a clear view of what happens next.

01

Find It

Commercial tenant representation and buyers agency support. We help define the brief, assess opportunities and negotiate from the client's side.

02

FitOut

Client-side project management from brief and test fit through design coordination, tendering, programme, delivery and handover.

03

Furnish It

Commercial furniture selected for the way your team works, then quoted, delivered and installed through one coordinated programme.

04

Look After It

Commercial cleaning for Newcastle CBD and Lake Macquarie, with the same team, monthly quality audits and Sarah overseeing quality.

THE YOS DIFFERENCE

Independent coordination around your outcome.

YOS acts for the client. We bring the right specialists together, maintain the brief and keep commercial decisions visible.

Lease or buy with someone on your side.

Commercial agents act for property owners. YOS represents the business taking the space or making the purchase.

A

Commercial tenant representation

Brief development, market search, inspections, option comparison, commercial negotiation and coordination with the client's legal and technical advisers.

B

Commercial Buyers Agent

Property search, opportunity assessment, commercial due diligence coordination and negotiation for owner-occupiers and commercial investors.

STRUCTURE READY. FINANCE READY.

Prepare before the right opportunity appears.

YOS can connect purchasers with experienced accounting, legal, finance and property professionals so the ownership structure, lending pathway and decision team can be organised early.

YOS does not provide legal, tax, accounting or financial advice. Clients should obtain advice from appropriately qualified professionals before acting, including in relation to SMSF purchases.

NSW service delivery is subject to the engagement scope, property type and applicable licensing requirements.

Your brief protected from concept to handover.

YOS is the client-side project manager. We coordinate the appointed designers, consultants, builder, suppliers and stakeholders; regulated work remains with appropriately licensed contractors.

01

Discovery & brief

People, growth, work styles, brand, budget and timing.

02

Concept planning

Test fits and early layouts where the project requires them.

03

Preliminary budget

Order-of-cost guidance, allowances and visible contingency.

04

Design coordination

Documentation, services, approvals and stakeholder decisions.

05

Tender & appointment

Comparable scopes and coordination of the chosen contractor.

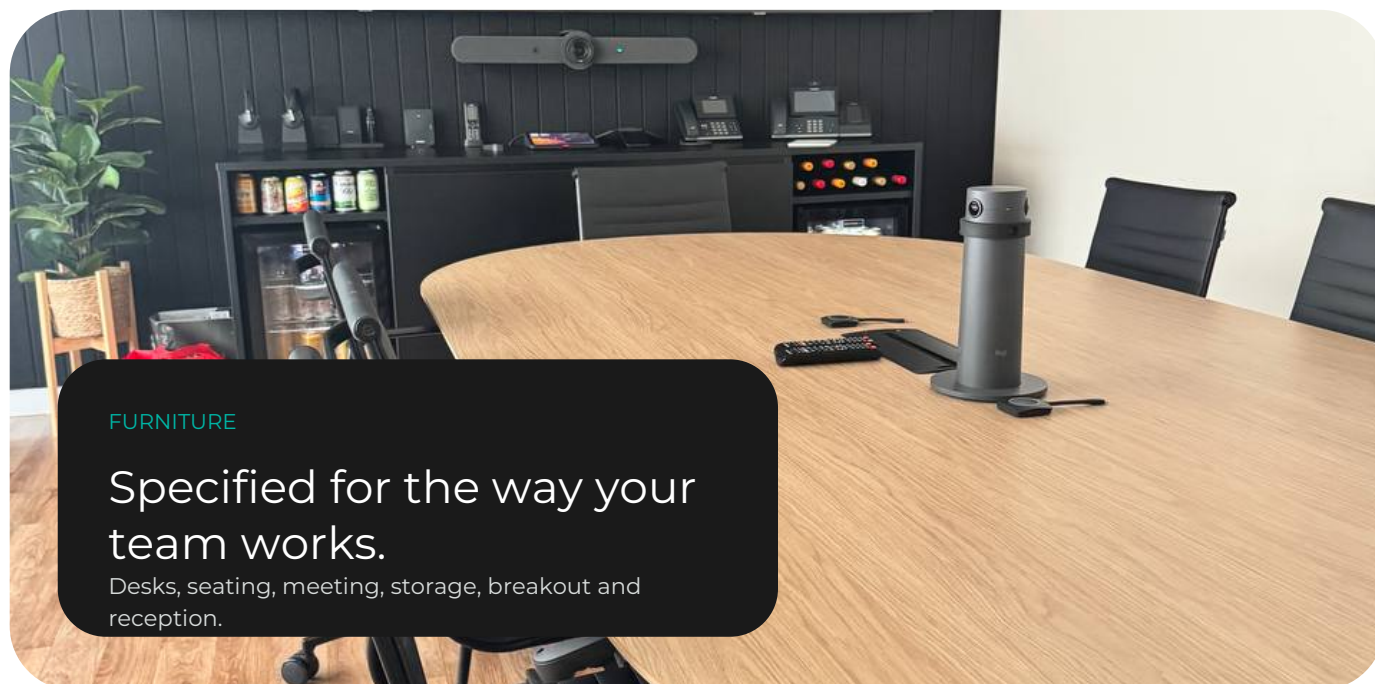

06

Delivery & handover

Programme oversight, furniture coordination, defects and move-in.

A clear client-side line of sight

You retain direct contractual relationships with the appointed professionals and contractors. YOS coordinates the moving parts, reports the trade-offs and keeps decisions aligned with the approved brief.

A product and specification service - not a construction page.

YOS develops the furniture brief, coordinates samples and finishes, prepares the quote, manages lead times and organises delivery and installation. Furniture can be supplied as part of a move or as a standalone workplace upgrade.

Workstations

Task seating

Meeting & boardroom

Storage

Breakout

Reception

Academy Range and EOF Group options are presented only where product availability, specification and supply terms are confirmed for the project.

A clean workplace, every visit, without chasing anyone.

Commercial cleaning across Newcastle CBD and Lake Macquarie, led by Sarah Kelley with clear standards and direct accountability.

01

Same team

A consistent cleaning team learns the site and its priorities.

02

Monthly QA

Monthly quality audits identify issues before they become a pattern.

03

24-hour quote

A clear quotation is prepared within 24 hours of the site assessment.

04

Sarah-led

Sarah personally oversees standards, communication and quality.

ONE COORDINATED HANDOVER

From completed FitOut to an ongoing clean.

The project clean, handover standard and ongoing cleaning scope can be coordinated around the same workplace brief - reducing gaps between move-in and day-to-day operations.

Typical environments

Offices | Medical and allied health | Real estate | Retail | Post-construction

What clients say about working with YOS.

"Joe was incredibly helpful through our first tenant rep experience. He made the property search and lease process much easier, explained our rights and options clearly, spotted things we would have missed, and helped with FitOut, furniture and cleaners too. Worth it."

BETH GWALTER OWNER, RECOVERY STATION

"Highly recommend Your Office Space. Joe was professional, reliable and fantastic to communicate with, and the service was flawless from start to finish. Joe was beyond amazing."

OLIVIA CRAWFORD DIRECTOR, AACAFS

"Joe and the team took the stress out of a stressful time and felt like a one-stop shop."

JASON DOWDALL TOTAL FITOUTS

"Joe was instrumental in building out our boardroom - high-quality table, chairs and acoustic panelling that completely transformed the space. Practical advice, excellent detail."

NATHAN FRANKS DYNAMIC BUSINESS TECHNOLOGIES
