YOUR OFFICE SPACE / NEWCASTLE NSW

Office desk buying checklist

Measurement, specification & supplier comparison

01 / BEFORE CHOOSING

12 checks for a better brief.

Use this sheet with your team, supplier and relevant advisers. Mark unknowns rather than assuming they are included or suitable. Print or annotate in a PDF app.

- [ ] **01 Define the task and users**

  Record activities, shared or assigned use and requirements identified by your team or adviser.

- [ ] **02 List the equipment**

  Include screens, mounts, laptop or desktop equipment, documents and input devices.

- [ ] **03 Measure the room**

  Record doors, columns, storage, services and other fixed features.

- [ ] **04 Check furniture in use**

  Consider the chair, movement and open storage; seek relevant layout advice.

- [ ] **05 Choose the desk type**

  Compare straight, corner, adjustable or shared settings against the brief.

- [ ] **06 Record the exact specification**

  Confirm top and frame sizes, finish, product code and accessories.

- [ ] **07 Approve corner orientation**

  Use a labelled drawing with the seated position, return and support locations.

- [ ] **08 Check equipment compatibility**

  Coordinate the chair, screens, mounts, power/data and cable management.

- [ ] **09 Confirm adjustment details**

  For adjustable desks, request actual ranges, supported loads and operating instructions.

- [ ] **10 Compare the installed scope**

  Check freight, assembly, positioning, packaging removal, GST and exclusions.

- [ ] **11 Verify availability and access**

  Separate dispatch estimates from booked delivery; confirm the actual route into the building.

- [ ] **12 Keep completion and support records**

  Check the order on arrival and save instructions, warranty terms and issue references.

Measurement, specification & supplier comparison

02 / REQUIREMENTS & EVIDENCE

Record the actual setting.

Complete what you know. Use a separate sheet for different settings or users. Keep sensitive personal or medical information out of general quote documents.

Site / suburb / floor / delivery contact

Users / tasks / shared setting / approved requirements

Equipment and retained items / mounting or cable needs

Room dimensions / fixed features / services / movement questions

Proposed desk dimensions / orientation / accessories

Delivery route / lift or stair limits / bookings / target date

Unknowns / evidence needed / next contact: _____

Measurement, specification & supplier comparison

03 / COMPARE & CONFIRM

Ask the same questions of each option.

Record the exact product, variant and evidence. Mark Unconfirmed where an answer is missing. Price comparisons should use the same scope and specification.

Requirement / evidence	Option A	Option B	Option C
Product code / type / orientation			
Top dimensions / finish / frame			
Under-desk space / storage			
Chair / screen / mount compatibility			
Adjustment / load / instructions			
Accessories included / excluded			
Freight / assembly / placement			
GST / total / validity			
Availability / delivery / access			
Warranty / support / next action			

Preferred option / unresolved question / owner / next step

Purchasing prompts, not a workstation or building assessment. Suitability depends on users, tasks, equipment and the actual layout. Follow manufacturer instructions and obtain appropriate advice.
