YOUR OFFICE SPACE

YOUR NEXT WORKPLACE DECISION

A clearer FitOut brief.

Project brief & quote comparison checklist | 1 of 2

☐ 01 Define the workplace outcome

Record headcount, team activities, storage and visitor needs.

Helpful tip: Describe what must work on opening day before discussing finishes.

☐ 02 Measure and record the site

Gather plans, photos and available building information.

Helpful tip: Ask the appropriate specialist to verify dimensions and services that affect the design.

☐ 03 Name the project team

Record client, landlord, designer, advisers and appointed contractors.

Helpful tip: Confirm who is responsible for design, approvals, pricing and construction.

☐ 04 Use one written scope

Issue the same requirements when requesting comparable quotes.

Helpful tip: List exclusions explicitly; a shorter quote may simply cover less work.

☐ 05 Separate budget allowances

Distinguish confirmed quotes, provisional sums and unpriced items.

Helpful tip: Put a confidence level and next verification step beside each major allowance.

☐ 06 Compare total project inputs

Include design, specialist advice, works, furniture and move-related costs.

Helpful tip: Check who has allowed for each cost category to prevent omissions and double counting.

Planning prompts, not a quote or legal advice. Confirm requirements for your actual project. | October 2026

YOUR NEXT WORKPLACE DECISION

A clearer FitOut brief.

Project brief & quote comparison checklist | 2 of 2

- [ ] **07 Confirm approval dependencies**

  Ask the building owner and project specialists what applies.

  Helpful tip: Record required information, decision owners and dependencies before promising dates.

- [ ] **08 Plan business continuity**

  Identify work that could affect staff, visitors, IT or trading.

  Helpful tip: Agree access and staging needs with the people operating the workplace.

- [ ] **09 Coordinate furniture and works**

  Confirm dimensions, power and data requirements against the layout.

  Helpful tip: Review furniture selections before fixing service positions or ordering large items.

- [ ] **10 Verify supplier programmes**

  Ask contractors and suppliers for project-specific availability.

  Helpful tip: Treat unconfirmed dates as assumptions and identify alternatives for critical items.

- [ ] **11 Define handover evidence**

  Agree what completion records, instructions and defects process are needed.

  Helpful tip: Create the handover list before delivery rather than at the last inspection.

- [ ] **12 Agree the next decision**

  Summarise open scope, budget and programme questions.

  Helpful tip: YOS acts as client-side project manager; appointed contractors and specialists retain their construction and technical responsibilities.
