NEWCASTLE & HUNTER REGION

YOUR OUTSOURCED PROPERTY DEPARTMENT.

We find the space, run the numbers and negotiate the deal
— working only for you. Never the landlord.

WHY BUSINESSES NEED SOMEONE IN THEIR CORNER

THE OTHER SIDE OF THE TABLE DOES THIS EVERY DAY.

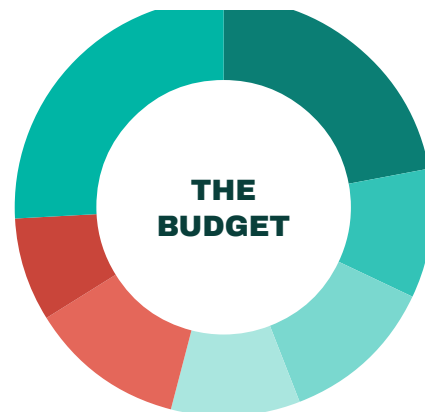

Signing a commercial lease is one of the biggest financial commitments a business will make — and most owners do it once. The agent across the table does it every week. And they work for the landlord.

WHAT MOST TENANTS DON'T KNOW

- The real estate agent works for the landlord — **not for you.**
- More than **half of commercial property is done off-market**, before it ever reaches a listing site.
- Lease incentives — rent-free periods, fit-out contributions, make-good reductions — exist in almost every deal. **Most tenants never see them.**
- Get it wrong and the cost runs for the length of the lease.

THE PIE

Every move or fit-out has a fixed budget. Think of it as a pie. From day one, up to 30 contractors, agents and suppliers all want a slice. The greedy ones take more than their share early — and you don't see it until quality drops at the back end and the budget's gone. We get in before the pie starts shrinking.

THE YOS ADVANTAGE

ONE DEPARTMENT FOR YOUR ENTIRE PROPERTY JOURNEY.

We are not an agency and we are not a broker. We are the property department a growing business would build in-house if it could — the person who sits on your side of the table for the whole journey. Lease, fit-out, furniture and ongoing workplace, run through one relationship and one accountable point of contact.

No one in Newcastle offers the full picture under one roof. That's the point. You get a decade of local experience and relationships working for you — not for the landlord, and not for the other side of the deal.

WHO WE DO IT FOR

Relocating & expanding

Professional services firms facing a lease expiry, growth or a move — who can't afford to be pulled off the business to manage it.

Buying your premises

Owners purchasing commercial property — direct or through an SMSF — for tax efficiency and long-term wealth, not just a desk.

Coming to Newcastle

Interstate businesses establishing a Hunter presence who need eyes, ears and an advocate embedded in the local market.

HOW WE WORK.

A clear, disciplined process — so your time, money and reputation are protected at every step.

1

Discovery & brief

We start with the business, not the floor plan — what you do, where you're headed and what the space has to deliver.

2

Market search — including the off-market half

We work our network to surface the options most tenants never see, and put real choices side by side.

3

Shortlist & inspections

We narrow to the properties worth your time, inspect them with you, and pressure-test each one against the brief.

4

Negotiation

Rent-free periods, fit-out contributions, make-good reductions, option terms and below-market rent — we go after all of it.

5

Lease review

We review the lease alongside your solicitor so you sign knowing exactly what you're committing to.

6

Handover to your workplace

Deal done, we hand you straight into fit-out, furniture and ongoing support — same team, same relationship.

3xFEE
GUARANTEE

OUR GUARANTEE

WE PAY FOR OURSELVES. THREE TIMES OVER.

We only invoice our professional fee once we've secured you **at least three times that fee in measurable value** — rent-free periods, fit-out contributions, make-good reductions, reduced rent across your term and negotiated incentives, combined. **If we don't get you there, you don't pay it.**
